

The Secrets to Kerry Bone's Clinical Success

Herbal Game Changers and Functional Phytotherapy

Professor Kerry Bone is known throughout the world as a leading author, educator and researcher.

He is also a successful practicing clinician with over 30 years' experience. This seminar focuses on the secrets of Kerry's clinical success and discusses the six game-changing practices that Kerry Bone has distilled from his years of clinical experience.

Throughout this seminar, each essential game-changing strategy is thoroughly explained with key examples. This discussion will also include a review of how to approach some more complex diseases using this model. For Kerry, adherence to these six key strategies was the critical factor in building a thriving practice. Samantha McSorley who is a qualified Medical Herbalist with 12 years clinical experience will be presenting these key factors.

For any practitioner wanting to get a first-hand insight into the clinical practices of Kerry Bone and Sam McSorley's combined experience, attending this seminar is a must.

Speaker

Samantha McSorley

MHealSc, BHSc, Dip Clinical HerbMed
